11. Introduction:

Department of Social Science of Dr. CV Raman University, Bilaspur has organized a One Day E-Seminar on Post Pandemic Opportunities and Growth in field of Economics in association with C-Centric Learning Edge Pvt. Ltd., Noida on 10/05/2022. The seminar was inaugurated by **Prof. Sangeeta Singh (Dean, Arts) and Dr. Kajal Moitra**, HOD of the Social Science Department by presenting a bucketful of flowers to the goddess Saraswati. During the official function **Prof. Sangeeta Singh**, Dean of the Faculty of Arts welcomed the dignitaries and the students.

The Keynote Speaker of the event is Dr. Sunil Kumar from Govt. P.G. College, Katani was welcomed by Dr. Pratima Bais (Associate Professor) of Social Science Department.

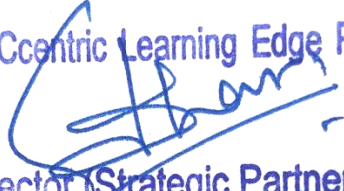

In the technical session our keynote speaker Dr. Sunil Kumar outlining the challenges, opportunities and growth governments will face after the pandemic. He stated that COVID-19 infection rates have fallen significantly, while in others, the virus remains difficult to control. But whether governments are actively managing outbreaks or returning to normalcy, economic recovery is central to their forward-looking agenda. For without a broad-based economic expansion, it is difficult to address other challenges, such as education and healthcare.

In his lecture he talked about some Government actions that support economic recovery and growth mechanisms. He told Governments may make different choices when prioritizing between preservation of existing businesses and net new creation. However, each is likely to evaluate and deploy a combination of the following interventions to support economic recovery. Additionally he enlightened the talk and said that All governments need to reduce debt and stimulate growth, but few governments aside from those with the largest economies have the option to simultaneously tackle their balance

sheets and their economic recovery. Most will take actions that enable economic recovery by minimising expenditure or creating a positive return on investment, in ways that consider their global worldview, country context, legislative structure, political will and national ideology. Countries can make two decisions to help them understand the approach best aligned with their needs. With all these he puts rest to his knowledgeable lecture.

The session concluded with an interactive session followed by the vote of thanks for the speakers and all the listeners provided by Head of Social Science Department Dr. Kajal Moitra.
