Note: Since the data template of both the Metrics 1.1.2 & 1.2.2 are having the same format therefore it is to clarify that the revision has been carried out in 54 programmes only, whereas the CBCS has been implemented in all the 61 programmes highlighted above. Therefore it seems that the count of 54 programmes of revision only has been suggested by DVV in this metrics from the data template however the university claims implementation of CBCS it all its 61 programmes
